

# 2015 EXHIBITION

For our 4th exhibition, in 2015, Pam challenged the artists to come up with a picture based on "Optical Illusions". Whilst some of the artists chose to use well known optical illusions and create their own follow.

versions, others tried to produce a picture from their own heads. The combination of the two styles made for some interesting comments from visitors. Some of the Optical Illusions follow.

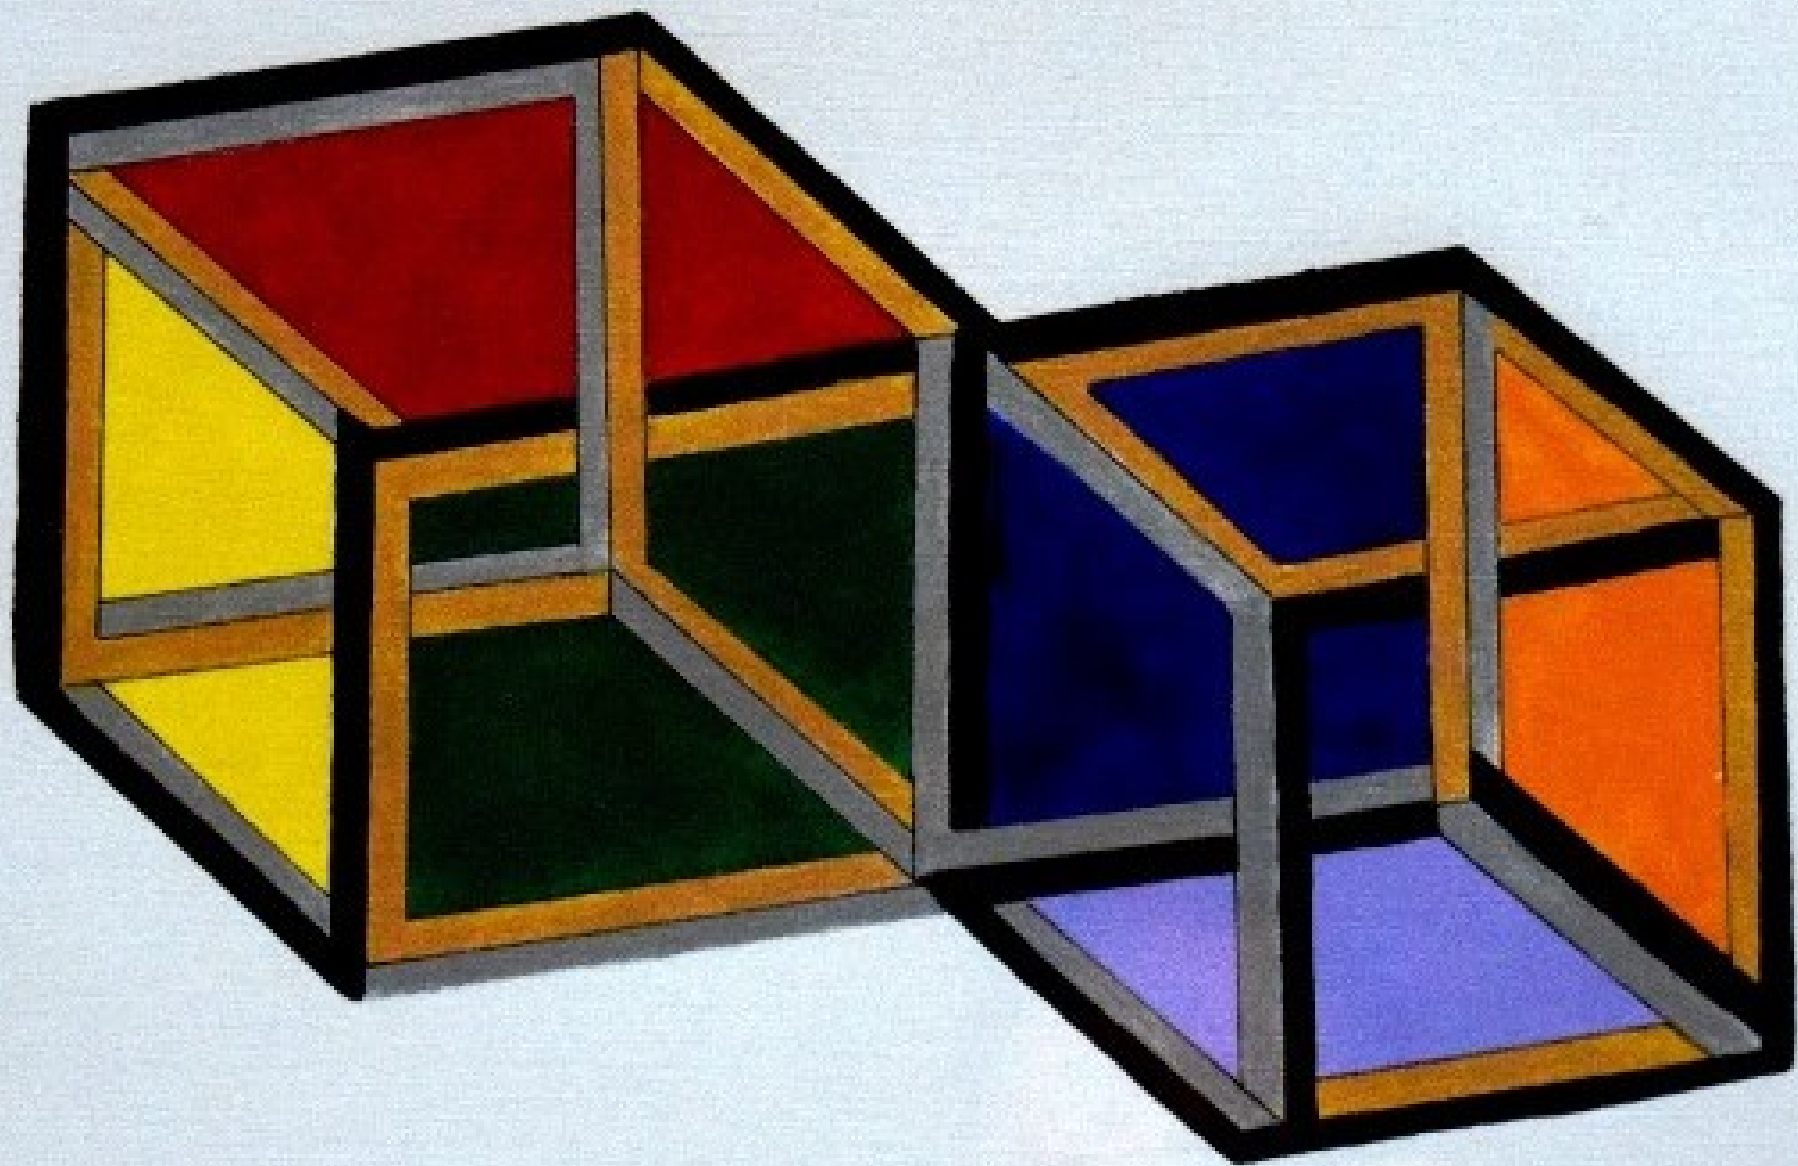

**2015 was also the first year that local Nursing Homes Grosvenor House and Tutnall Hall sponsored a competition . 5 shortlisted paintings are shown below, with the winning picture (Alvechurch Canal) is shown top centre, and the runner up (Malvern Hills) is top right.**
