

2013 EXHIBITION

Our second exhibition, in 2013, again featured works from that year, but this time had a theme of "Summer" with the artists given the challenge of producing a piece of work that represented "Summer".

They were shown together, with the centre piece being a fun full sized picture produced by Pam, that was typical having fun at seaside resorts during summer holidays. It can be seen left with two of the artists having fun!
